

Syllabus

Welding 1

2025-2026

Instructor Information

Instructor: Dr. Brian Neey (Dr. B)
Location: Classroom 108 Metal Shop
Contact: bneely@aisdk12.org

Required Text: NCCER Welding Level 1
Additional Resources: mycte.moonami.com

Course objectives:

Students will have the opportunity to learn and explore a variety of welding procedures.

Classroom, Shop, and Homework:

Students will not be assigned homework in this class. Students are provided with sufficient time to complete all assignments. I use mycte.moonami.com to post assignments and resources. Students can review this outside on their own to ensure they are current with course work. Students are always encouraged to work ahead if they so choose.

Makeup-Work Guidelines:

Students have access to all academic assignments via the internet. Students are expected to keep up with the class even when they are not physically present for class.

Academic Honesty:

Any work submitted by the student shall be his/her own. Work taken from others shall be deemed as unacceptable. Any doubts will initiate the completion of an alternative assignment or a zero on the required effort, depending on the severity of the infraction.

Class Policies & Expectations:

1. Within five minutes of the ringing of the bell, all students should be seated ready to begin class.

2. Students should check MyCTE each day for assignments and objectives.
3. Students should arrive to class fully prepared for learning .
4. Students should dispose of any gum / candy prior to class. Additionally, no food or drink is permitted in the Shop/Classroom at any time (water bottles allowed).
5. Active participation is expected at all times. Your participation and preparedness is part of your grade.
6. Proper care of all equipment and classroom furniture must be exercised at all times. Any misuse of equipment, and classroom furniture will be handled as vandalism. All equipment must be put away, neatly, at the conclusion of every class period. Any equipment left out will result in loss of points for the day.
7. Respect is a two-way street. Please always give respect to everyone in the classroom.
8. Cell phones are to be used only for instructional purposes. Any cell phone being used during class for any other reason will be taken and given to the office.
9. All rules and regulations outlined in the student handbook are to be followed at all times.
10. Ear buds are NOT allowed, unless approved by the instructor.
- 11. Horseplay is never allowed in the shop or classroom. Because safety is essential, horseplay or unsafe actions in class will result in removal from the learning environment and may result in failure of the course.**

Late work:

Late work is not accepted.

Because you always have access to MyCTE, you always have the opportunity to keep up with the class even when away.

Assignments:

Academic assignments	(This is where your grade lives or dies)
Practical assignments	(treated as pass/fail in-shop work)
